System Codes

The following window is displayed when the **Detail** button is clicked. The same window is displayed with blank fields when the **New** button is clicked. The steps are described on the following page.

The screenshot shows a software window titled "DCDS 03.01.02" with a menu bar (File, Edit, Options, Functions, Params, Reports, Window, Help) and a toolbar. The main area contains two panes: "System Codes" and "Selection List".

The "System Codes" pane has a "Selection Criteria" section with a "System Code:" label and a text box containing "BC01". To the right of this pane are "Select" and "Detail" buttons.

The "Selection List" pane contains a "Detail Data" form with the following fields, each marked with a circled number:

- System Code: BC01 (1)
- Start Date: 10/01/1995 (2)
- End Date: 12/31/2022 (3)
- Description: Max Batch Count - All Transactions (4)
- Value: 500 (5)
- Modified User Id: HRMND CD (6)
- Modified Date: 10/14/1999 15:33 (7)

At the bottom of the window are navigation buttons: "<=", ">=", "New", "Delete", "Save", and "Close". The status bar at the bottom left shows "Ready".

**DCDS Input Procedures
System Codes**

Follow the steps below to add, update or delete System Codes.

Step	Field Name	Action
1	System Code*	Enter the System Code for a new code. This field cannot be changed.
2	Start Date	Enter the date the code becomes active for a new code. This field cannot be changed.
3	End Date	Enter the date the code become inactive.
4	Description	Enter a description of the code.
5	Value	Enter the value of the System Code.
6	Modified User ID/Modified Date	Displays the User ID of the last person who made modifications and the date modifications were made.
